I pay my respects to the Sun, who is as radiant as the Japanese Rose flower, possesses great brilliance, is the destroyer of darkness, eliminates all sins, and is the son of Sage Kashyap. I salute the Moon, who is as radiant as curd, conch, and frost, emerged from the Milky Ocean, is the crown jewel of Lord Shiva, and symbolizes the nectar of life. I bow to Mars, who was born from Mother Earth, whose radiance is comparable to lightning, who is in his youth and holds power in his hands. I pay respects to Mercury, the son of the Moon, who is as deeply green as the bud of the Priyangu creeper, who possesses incomparable beauty and is endowed with tranquil qualities. I salute Jupiter, the teacher of gods and sages, who glows like gold, is endowed with wisdom, and is the lord of all the worlds. I salute Venus, who is as white as the snow, jasmine, and the stem of the lotus, who is the supreme teacher of the demons, the preacher of all scriptures, and the son of Sage Bhrigu. I bow to Saturn, who glows with the blue-black sheen of kohl, who is the son of the Sun, the elder brother of Yama, and was born from Chhaya and Martand (Sun). I pay my respects to Rahu, who is half-bodied, greatly powerful, known to swallow the Sun and the Moon, and who was born from the womb of Simhika. I bow to Ketu, whose radiance is like the flower of a Palasa plant, who is of a Rudra (ferocious) nature and the son of Rudra, who is fearsome, and is the head of the stars and planets. One who reads this prayer (that emerged from the mouth of Lord Veda Vyasa) during the day or at night with single-minded concentration, finds all his obstacles removed. The nightmares of men, women, and kings are destroyed. Those who read this gain exceptional wealth and health and see an increase in their strength.

Vimshottari Dasha is a system used in Vedic astrology for determining the planetary periods, also known as dashas, in a person's life. The word 'Vimshottari' means '120' in Sanskrit, which represents the total number of years in a complete cycle of all the planetary periods.

The system is based on the position of the Moon at the time of a person's birth, and it assigns certain periods of time to each of the nine planets of Vedic astrology. Each planet has a specific number of years assigned to it, ranging from 6 to 20 years, depending on its position in the system.

During each planetary period, the planet in question is said to have a significant influence on a person's life. This influence can be positive or negative, depending on the individual's birth chart and the specific planetary alignments at the time.

Vimshottari Dasha is considered an important tool in Vedic astrology, as it provides a detailed and accurate system for predicting major events and changes in a person's life. It is widely used by astrologers to make predictions about career, relationships, health, and other aspects of a person's life, and can be a valuable tool for those seeking guidance or insight into their future.

The Sun is associated with the concept of power. The house in which the Sun is located is considered very important. Even the characteristics of the sign associated with the Sun are generally quite intense. The house in which the Sun is situated is extremely important for an individual's entire lifespan. The Sun, located in a specific house and sign in a person's natal chart, indicates the person's motivational power, which is a reflection of the person's nature and the relationships established with other planets and houses through conjunction and aspect. This is something the individual aspires to become and is reflected in the symbol of the Sun (a circle representing completeness or maturity, within which is a point representing potential/capacity).

The Sun represents masculine principles such as creativity, progress, desire power, purpose, authority, the feeling of uniqueness, and includes all governing bodies such as owners, fathers, and rulers. Just as a king or ruler of a country is an individual under whose governance the diverse social groups of the nation either unite or divide, similarly, the Sun symbolizes a process by which the energies of other planets present in the chart are integrated or destroyed. The positive effects of the Sun are generosity, affection, and creativity, while its negative effects are ego and stubbornness.

What is Moon?

Significance - Feminine Principles, Mother, Mind, Emotions/Innate Behavior/Reactions.

After the Sun, the second most important planet is the Moon. It represents the concept of cyclical change and internal motivation. Family and social reactions are associated with the Moon. Just as in real life, the Moon reflects the light of the Sun, in astrology, the Moon indicates a person's natural and emotional responses. The sign in which the Moon is located at the time of a person's birth is called the birth sign, which generally influences a person's personality. Just as the Sun is related to action, the Moon is related to reaction. These reactive emotions are largely unconscious in childhood and only manifest when an individual becomes aware of the true self represented by the Sun. As a result, the Moon can inform about a person's emotional development as a child and how it might evolve later in life, through its position in a specific sign and house, and through its relationships with other planets.

Through the Moon, feminine principles such as natural habits, domestic environment, protective tendencies, mood, imagination, dietary preferences and priorities, attitude towards the past, ability to become a public person or reach out to common people, fate manifesting cyclical changes, the feeling of self in an individual, and control of females, especially the mother, are represented. Commercial cunning, imaginative nature, inner motivation, and patience related to the mother are the positive effects of the Moon on a person, while stubbornness, unreliability, irrational behavior, and unstable/restless mind demonstrate the negative effects of the Moon.

Remedies?

(1) Respect your mother and touch her feet daily. (2) Distribute milk and milk products on Amavasya (New Moon day). (3) On Mondays, perform abhishek of Lord Shiva with milk and honey. (4) Recite Rudrashtak, chant 'Om Namah Shivaya', and chant Mahamrityunjaya Mantra. (5) Place milk at your bedside and pour it on a babul or peepal tree (excluding Sundays). (6) Sit in the moonlight and pronounce 'Om'. (7) Boil rice with milk and sugar and feed it to the poor. (8) Donate milk to small children, especially to the children of laborers. (9) Water a peepal tree standing alone in a wasteland with milk and water. (10) Start watering trees that no one waters. (11) Keep the north-western corner (North, West) of your house open and airy. (12) Donate rice wrapped in a white cloth in a Shiva temple.

What is Jupiter?

Significance - Education/Intelligence, Morality, Religion, Progress, Expansion, Happiness, Self-Earned Wealth and Offspring.

Jupiter's indicative word is expansion. Since it's the largest planet in the solar system, it is no wonder that in astrology it represents progress and expansion. Generally, Jupiter provides very favorable results in the area of life related to the house in which it is located. From a physical point of view, Jupiter represents physical development, particularly cellular development, and nourishment through digestion. But, the major significance of Jupiter in the birth chart is as a social planet, a role it shares with Saturn. The Sun, Moon, Mars, Mercury, and Venus all deal particularly with individual aspects of a person's character without reference to paternal or environmental factors. In contrast, Jupiter shows how a person develops throughout life to affirm their existence.

In this context, growth means how a person advances in response to prevalent beliefs in society, to what extent they integrate with these beliefs or challenge them. In the quest to secure a place in the world, the sign and house occupied by Jupiter, as well as its aspect relationships with other significant planets and houses, indicate a person's social expectations and ideals, and the opportunities to materialize them. At other levels, Jupiter shows a person's conception of God, religious beliefs, philosophy, sense of law, and all theoretical thoughts. It also represents higher education, morality, politics, spiritual and physical prosperity, reputation, honor, any work related to abroad, extravagance, obesity, and overeating/excessive consumption. A person being optimistic, compassionate, kind, and sports-loving indicates positive effects of Jupiter, whereas being careless, over-optimistic, inattentive, wasteful, and attachment demonstrates its negative effects.

Remedies?

What is Venus?

Significance - Art, comfort, wealth attained easily without labor, love, affection, beauty, and sexual relations.

Traditionally, Venus signifies the need for harmony, affection, and relationships in life. However, at a more fundamental level, Venus relates to the attractions and repulsions that a person experiences and the individual's response to these influences. It involves a process of comparison, which attempts to determine what is good or bad according to the person's own needs. Sometimes, this leads to cooperative and sharing behavior, as most people prefer to be connected with others rather than be alone or unpopular. In the context of love, Venus manifests the person's reaction to love when it is received, rather than how the person expresses love emotionally towards themselves. The function of emotional expression is Mars.

Note that Venus hardly ever gives anything in a conflict without expecting something in return. Hence, the person's ability to attract harmonious relationships depends on the sign and house occupied by Venus and especially on the planets that Venus contacts through its aspects. On other levels, in addition to physical attraction or repulsion, Venus' portfolio includes beauty, art, all kinds of close relationships, modernity, taste, interests, fashion, femininity, female eroticism, physical skill, diplomacy, arrogance, all means of currency exchange, and easily acquired wealth. The friendly behavior, artistry, excellent conduct, and affable nature of a person illustrate the positive effects of Venus, while selfishness and excessive romanticism in an inappropriate manner indicate Venus' negative influences.

(4) Make kheer from cow's milk, offer it to Goddess Lakshmi, and distribute it as prasad (especially on Fridays). (5) Recite Sri Suktam and Kanakdhara Stotra. A person always faces limitations and restrictions in activities under the jurisdiction of the house ruled by Saturn. This is often painful, but no part is less important for the development of the person, as Saturn insists on progressing within the manageable limits of Jupiter.

The position of Saturn in the horoscope shows where and how a person wants to establish their identity in society. The aspects Saturn establishes with other planets and houses focus attention on the obstacles in the person's path. These may be self-imposed or about events that seem beyond the person's control. In both situations, Saturn teaches that through harsh confrontation with reality and by limiting circumstances, the individual must make changes within themselves before achieving their ambitions. As only a few people accept obstacles, delays or difficulties with grace, Saturn is regarded as the cause of painful and tormenting experiences filled with sorrow and desolation.

If a person is physically unwell, no matter how comfortable their surroundings are, they do not experience any form of pleasure. It is said that 'where there is life, there is a world'. The reality is that if a person maintains their health, their life is considered vibrant, and they can fully enjoy the pleasures of life, otherwise they will be deprived of any kind of happiness. Therefore, one should be vigilant about health and when necessary, also perform astrological remedies for it. Without treatment, it's impossible to recover health, but sometimes, medical treatment may not affect a person's illness. In such cases, if astrological remedies are performed along with treatment, considering the planetary periods, it might be possible to recover from the illness more quickly.

- (5) Keep coins by your bedside and distribute them among the poor in the morning.

What Remedies should be taken for Education, Knowledge and Wisdom?

In ancient times, the nature of education was completely different from today's education. Back then, education was considered a means to achieve knowledge and liberation, not a means to earn a living. Therefore, there was no such competition in education then, which is evident in today's education system. In this scientific age, as the pace of development increased, so did the sources for earning a living. The importance of education grew day by day to accelerate this pace of development. Today's situation is such that if a person remains uneducated, they will definitely have to live undeveloped in this developed era. Gaining education is also not as easy now. In this field, competition is not the only obstacle, there are many others. The current education system requires an initial investment of money to make it a means of earning money. Such obstacles have to be overcome socially by everyone,

but sometimes personal obstacles also start appearing in the path of education. Due to these obstacles, a person's future and development gets affected, or in short, every aspect of their life gets affected. Therefore, every individual wants either they or their offspring to acquire the highest education possible, but due to these obstacles, it's not possible for everyone. From the perspective of astrology, the influence of planets is also included in the obstacles that come in a person's education. Education gets affected during the unfavorable period of planets. Therefore, to stay aware of these obstacles, it is also necessary to know about them.

- (1) Worship Goddess Saraswati and write the 'Aum' symbol on your tongue with saffron and chant it.
- (2) While studying, always face the North-East direction and your back should be towards the South or South-West.
- (3) Apply a tilak of milk and turmeric at the spot where you usually apply a bindi. Apply sandalwood paste on the same spot, known as the Agya Chakra, to enhance intellect and maintain interest in studies.

As every individual wishes to have their own house and all sorts of physical comforts, actually acquiring everything is not always easy. There are several obstacles to achieve these. While some people face more hurdles, others get everything quite easily. In astrology, these ups and downs are considered to be the play of planets and destiny, which vary for everyone, forcing each person to live in different conditions.

- (1) Pay respects to the land of your home or where you live daily, clean it with milk, and worship Hanuman Ji. Based on your fate and actions, you will receive splendid housing comfort.

What Remedies should be taken for Vehicle related Problems?

In modern times, material luxuries have established their place in life in such a way that life seems difficult without them. In this scientific era, as development is progressing rapidly, individuals have to increase their pace accordingly. The days are gone when people traveled from one place to another in bullock carts over many days. Therefore, the importance of modern vehicles in life is increasing. In fact, it has moved from being a desire to a necessity. Since a vehicle is becoming essential for everyone, it is not necessary that everyone enjoys this comfort. Some people own numerous vehicles, while others, despite great efforts, fail to acquire even one. Some people, despite having a vehicle, are unable to fully enjoy its benefits due to various circumstances. From an astrological perspective, this difference is due to the influence of the planets at the time of one's birth. If an individual can understand the influence of the planets in their birth chart and use vehicles accordingly, they can not only ensure their own safety but also fully enjoy the benefits of having a vehicle.

- (1) Worship Goddess Lakshmi and Goddess Santoshi. Reading Shri Suktam, Kanakadhara and Lakshmi Mahatam ensures that there is never a decrease in vehicle happiness.
- (2) Every Friday at sunrise, drop sweet food prepared with your own hands, sprinkle it with milk under trees where there are insects.
- (3) If the vehicle breaks down frequently, sprinkle it with the urine of a white cow.
- (4) Respect the female gender, donate cotton wicks, ghee, and earthen lamps in the temple, serve cows.
- (5) Never walk barefoot in the house.

What Measures should be taken to Increase Fortune?

There are both believers and non-believers in this world. Even if non-believers do not acknowledge the existence of God, they cannot deny the role of fate in life, although it may not mean much to them. Everyone has to accept, willingly or unwillingly, that there is indeed a power that shapes our destiny based on our actions. The general belief is that the fruit of the actions performed in a person's previous life is received in their next life, and the results of these actions are commonly referred to as fate, which befalls a person in their present life. Therefore, a person's life is not just influenced by destiny but also by his actions; in other words, a person's destiny is shaped based on his actions. Now, the question arises, if our destiny is formed by our actions, then why does a person, who is currently following the path of honesty, truthfulness, altruism, and other virtues, have to endure many difficulties in life, while another person who is on the wrong path still enjoys a happy life? If one looks closely, it becomes clear that the happiness earned through wrongdoing does not last long. In contrast, a person's good deeds help overcome obstacles in their destiny. It is a complex and debatable subject whether destiny or action is supreme, and what the reality of destiny is? In simple terms, it can be said that just as God is the truth, so is a person's destiny, which keeps changing based on his actions.

- (1) Serve the needy and distressed.
- (2) Donate food to those in need.
- (3) Arrange food and water for animals and birds.
- (4) Serve the lame and disabled, donate medicines, contribute to blind schools, old age homes and orphanages as per your capacity.
- (5) Show compassion towards the weak.
- (6) Serve your parents. Seek blessings from the elderly.
- (7) The Peepal, Banyan, and Kikar trees are also considered elders; continue to serve them.
- (8) Do not consume meat or alcohol. Refrain from Tamsik tendencies.
- (9) Free birds from cages. Release animals bought from a butcher into the forests.
- (10) Help helpless people as needed, whether it is medicine, food, shoes, or clothes.
- (11) Lead your life with good deeds - if the present improves, the future will also strengthen.

Manglik Blemish (Kuja Dosha)

Manglik Dosha is a condition in Vedic astrology where Mars (Mangal) is situated in the 1st, 2nd, 4th, 7th, 8th, or 12th house of a person's Lagna/ Lunar chart. It is believed to influence marital life, causing tension and conflict, and potentially, issues related to the health and longevity of the spouse. However, several traditional remedies exist for mitigating the effects of Manglik Dosha, including certain rituals, and matching of horoscopes prior to marriage.

Rules for determination of Mangalik Blemish

लग्ने व्यये च पाताले जामित्रे चाष्टमे कुजः ।

मन्गलिक दोषवान्नारी पुंसां स्त्रीविनाशिनी ।।

If Mars is situated in 1st, 4th, 7th, 8th or 12th house from the Ascendant in the horoscope, then Mangala Dosha or Kuja Dosha occurs.

If Mars is situated in 1st, 4th, 7th, 8th or 12th house from the Moon in the horoscope, then Mangala Dosha or Kuja Dosha occurs.

If Mars is situated in 1st, 4th, 7th, 8th or 12th house from the Venus in the horoscope, then Mangala Dosha or Kuja Dosha occurs.

Applicability of Manglik Dosha in Horoscope

In your horoscope, Mars is situated in the 8th-sign from the Venus. Kuja-Dosha (or Mangalik blemish) present in your horoscope.

In your horoscope, Mars is situated in the 8th from the sign occupied by Venus. This apparently constitutes 'Kuja-Dosha' (or Mangalik blemish). But since Mars is situated in a

sign owned by Jupiter, it becomes an exceptional case – as this blemish gets automatically cancelled. Kuja-Dosha will be considered to be technically 'absent' in your horoscope.

Effect of Mangala Blemish

Due to effect of Mangala Dosha (Mangalik Blemish), marriage may get delayed or may have to face many hurdles and obstacles in getting married. After marriage, groom or bride or both partners may have to face many difficulties related with physical, mental and financial matters. There may be mutual differences/disputes between them, may make allegations on each other and even may lead to divorce. If Mangala Dosha is pronounced, then one or both of the married couple may remain ill or may end with untimely death.

Remedies of Mangalik Blemish

To remove the Mangala Dosha (Mangalik Blemish), perform following remedies from Vedic Astrology:

Do fasting on Tuesdays (Sunrise to next day Sunrise). Don't consume salt during daytime and if possible, then only consume liquid material like tea, coffee, milk, fruit juice and curd. In the evening, make triangle with Roli on any plate and worship with Panchopachara (Red Sandalwood, Red Flower, Dhoop, Lamp, and Eatables). After that, consume wheat bread, ghee and jaggery before sunset.

If Mangala Dosha (Mangalik Blemish) is pronounced, then recite Mangala Chandika Stot 21 times daily for continuous 108 days. In the morning, light a five stroked lamp while facing towards eastern direction and worship your deity (Ishta Deva) and planet Mars with Panchopachara and recite the following manta:

रक्ष रक्ष जगन्मातर्देवि मंगलचंडिके । हारिके विपदां राशे हर्षमंगलकारिके ॥
हर्षमंगलदक्षे च हर्षमंगलदायिके । शुभे मंगलदक्षे च शुभे मंगलचंडिके ॥
मंगले मंगलाहं च सर्वमंगलमंगले । सदा मंगलदे देवि सर्वेषां मंगलालये ॥
